

# Lymphoma

Andrea Gallamini, MD

Malik Juweid, MD

Editors

Andrea Gallamini, MD, is a Consultant Hematologist at the Lacassagne Cancer Center in Nice, France. He trained in clinical research on lymphoma in the S. Croce Hospital il Cuneo, Italy, the Sophia Antipolis University of Nice, and the Onco-hematology department of the Lacassagne Cancer Center of Nice, France. His interests include the clinical applications of imaging in lymphoma and the pathobiology and prognostication of Hodgkin's Lymphoma. He has been responsible for educational programs for Imaging in Lymphoma at several annual meetings of the European Hematology Association (EHA) and the American Society of Hematology (ASH). He has authored over 170 scientific publications and has been editor for books on Hodgkin's and non-Hodgkin's Lymphoma, including the present "New Frontiers in Lymphomas".

Malik Juweid, MD, is a professor of radiology and nuclear medicine at the University of Jordan. He did his clinical training at Heidelberg University Hospital and the Hospital of the University of Pennsylvania with research fellowship at Harvard Medical School and the National Institutes of Health (NIH). His major research interests include PET/CT imaging of lymphoma and new PET tracers. He has published 130 articles in peer-reviewed journals, 7 book chapters, and edited a book on PET/CT. Dr. Juweid has received over 10 million dollars funding for his research mostly from the US NIH and the Food and Drug Administration.
